Message from Mr. Cordova, Principal

Congratulations to all of our students who were recognized at our First Trimester Awards in November! As we move into the new year, we continue to focus on student achievement and social-emotional development of our talented young minds. It is amazing to see how much students have learned since the beginning of the school year. The curriculum will continue to challenge students and help your child learn the grade level standards. During the winter break, take time to set goals around areas that can help your child improve in school such as ATTENDANCE, CLASSWORK, HOMEWORK, and FOLLOWING SCHOOL AND CLASS RULES. One of the most important habits to develop is a positive mindset and attitude toward school and learning. When students are focused and working toward the learning targets, more time is dedicated to instruction and learning and less time is spent on distractions or disruptions. Please continue to review homework and stay in communication with your child's teacher. Thank you for all you do as Partners In Education for supporting your child and our school. We wish everyone a safe holiday with their families and friends! See you on our first day back—January 3rd!

Read with Your Child – DAILY

Although the life of a parent is often hectic, you should try to read with your child at least once a day at a regularly scheduled time. But don't be discouraged if you skip a day or don't always keep to your schedule. Just read to your child as often as you possibly can. **Reading with your child not only supports his/her reading skills but also language development, problem solving skills, self-regulation, and a LOVE of reading.**

During the break, visit the Valley Hi-North Laguna Library (7400 Imagination Parkway) and see all the great programs offered for all ages! December activities and workshops include Basic Computer and Internet, Toddler & Family Story Time, Friends in Stitches, ESL-Practice Your English, Thursday Poetry Workshop, Paper Craft Program, Baby Lapsit Storytime, Game Day at the Library, and Read to a Dog! Contact the library at www.saclibrary.org for times and age requirements. Oh, and check out some books!

We love our families and spend so much effort trying to make money to provide them with a comfortable lifestyle — but sometimes we forget that giving our kids our time is more important than providing them with cool clothes or the latest technology trends. Even for older kids — who you'd be pretty hard-pressed to get to admit that they want more attention from their parents and siblings — a good solid family hang has serious benefits: It builds self-esteem, it strengthens family bonds, it develops positive behaviors, it creates happy memories, and it helps parents and children reconnect.
